Cat Collab Interview Script

Hello, and thank you for agreeing to meet with me and share about your experiences on this subject! This is going to be really helpful for my school project. I hope to gain a lot of insights from people on the ground like you who are involved, to help identify your needs and struggles. So that I can take notes later and focus on our discussion, would you mind if I recorded this interview? I would only use it personally for analysis and it would not be shared anywhere.

Before the major questions get started, can you tell me a bit about yourself? What is your age and occupation? What do you do when you aren't helping community cats?

Alright, let's begin with the main questions!

Beginnings

1. What got you inspired to become a cat activist?

    a. Was there a pivotal event that led to this?

2. What steps did you take to get started?

    a. What was that process like?

    b. What tools or resources did you use?

3. How long have you been involved with community cats and TNR?

    a. Has anything changed in that time?

Collaborations

4. Do you partner up with any individuals, organizations, or groups?

    a. What was the process like to become a volunteer?

    b. Can you tell me about the organizations or groups you are in?

        i.   Are you active with any social media groups?

5. What is it like collaborating with others?

    a. What are some frustrations or obstacles?

    b. What would make this easier?

6. Have you ever organized a group or organization?

   a. What was that process like?

   b. What steps would you take to start one now?

      i. What tools or resources would you use?

Process

7. How would someone not involved in TNR go about reporting a community cat or colony?

   a. What are common methods of reporting?

   b. What kind of resources are used?

8. How are you currently notified about community cats and colonies?

   a. Can you elaborate on what works well?

   b. What doesn't work so well?

9. What are the steps involved in performing a TNR?

   a. What should people know to safely perform a TNR?

Pains & Gains

10. What is the biggest frustration you face within the entire process?

    a. Can you elaborate a little more about it?

    b. What could help make it easier?

11. What is the most effective aspect of the entire process?

    a. Can you elaborate a bit more?

12. Do you have any final thoughts on what would make this process more efficient?
